

Simplify your nano-measurements

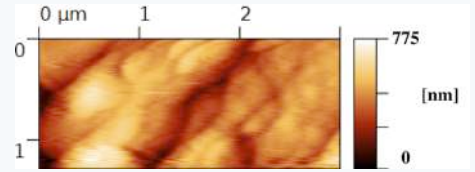

- ✓ Rapidly navigate to features of interest
- ✓ Easy large size sample placement
- ✓ All standard AFM modes
- ✓ Compatible with off the shelf cantilevers

AFM system

3D DVD image in **Contact mode**

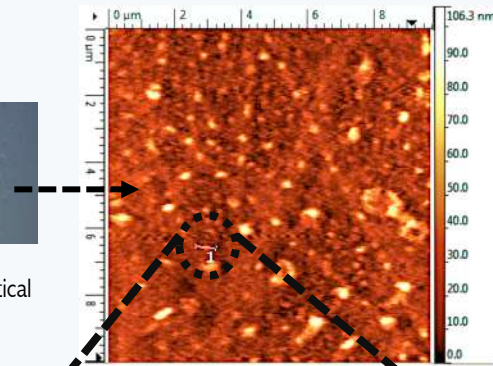

Nanometer grains on a single DVD line measured with **FM-AFM**

Biological sample characterization

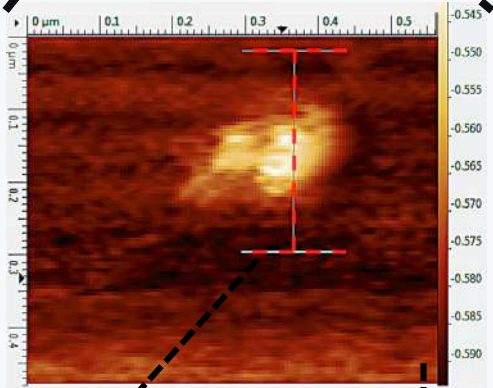

LIPOSOMES on Silicon

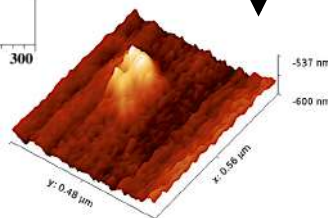

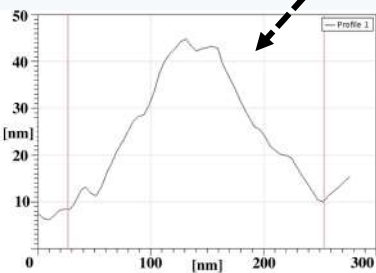

a) 300 μm optical microscope image

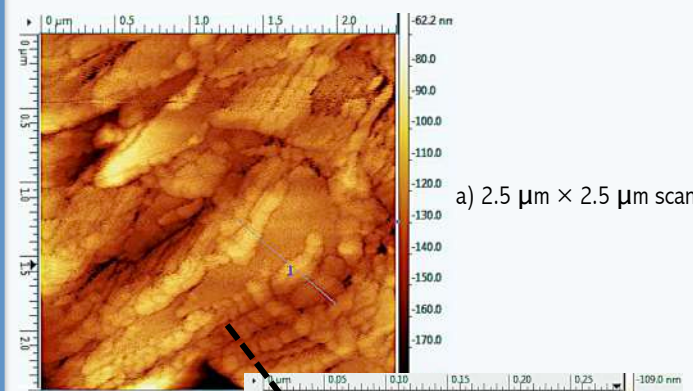

b) 10 μm \times 10 μm scan

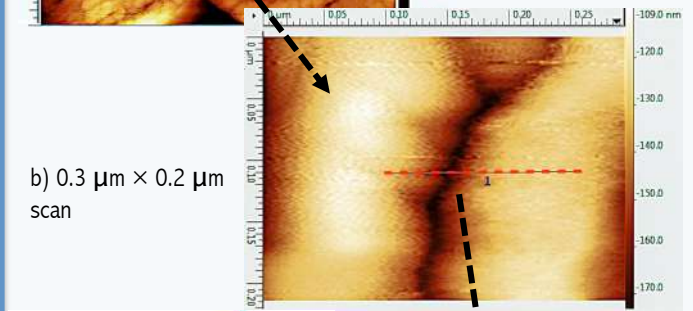

c) 0.5 μm \times 0.5 μm scan

PLASMID on Silicon

a) 2.5 μm \times 2.5 μm scan

b) 0.3 μm \times 0.2 μm scan
